+39 329 3139230 (Mauro)
+39 339 7653527 (Brizio)

VOCALS: It is specified that all three front vocalists alternate as soloists, even within the same song. Therefore there is no "lead vocalist" and the microphone levels must be equal. If requested, the band can provide the sound engineer with a setlist including any additional specifics.

OPTIONAL: Moreover, in order to best achieve the 'Beatle look', the band require, if possible:

- a 2x2 mt drum riser;
- a projector with a projection screen positioned behind the drummer or, alternatively, the possibility to hang our 3x2 mt banner;
- a dressing room near the stage or alternatively a closed space (e.g. a gazebo) for a possible change of clothes before or during the show.

** The names and number of members may vary without notice.
